One Week Girlfriend Book Blurb:

New Adult Contemporary Romance

Mature situations and sexual content recommended for ages 17+

Temporary.

That one single word best describes my life these last few years. I'm working at a temporary job until I can finally break free. I'm my little brother's temporary mother since our mom doesn't give a crap about either of us. And I'm that temporary girl all the guys want to get with because I give it up so easily. According to the rumors, at least.

But now I'm the temporary girlfriend of Drew Callahan, college football legend and all around golden guy. He's beautiful, sweet—and he's hiding way more secrets than I am. He's brought me into this fake life where everyone seems to hate me. And everyone seems to want something from him. The only thing he seems to want though is...

Me.

I don't know what to believe anymore. All I know is, I think Drew needs me. And I want to be there for him.

Forever.

New Adult Contemporary Romance

Lost.

That one single word best describes my life at this very moment. I lost the last games of the season and both my team and my coach blame me. I lost the last two months because I drowned in my own despair like a complete loser. And I lost the only girl who ever mattered because I was afraid being with me would destroy her.

But now I realize how truly lost I am without her. She has become my story...and even though she acts like she's moved on, I know she still thinks about me just as much as I think about her. She's beautiful, sweet—and so damn vulnerable, all I want to do is help her. Be there for her.

Love her...

If only I could convince Fable to give me a second chance. Then I wouldn't feel so lost anymore, and neither would she. We could be found together.

Forever.
